CHAP. 397.—An Act To regulate the distribution and promotion of com-
missioned officers of the line of the Navy, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That so much of the Naval Appropriation Act approved August 29, 1916 (Statutes at Large, volume 39, page 576; United States Code, title 34, section 4), as provides: "That the total number of commissioned line officers on the active list at any one time, exclusive of commissioned warrant officers, shall be distributed in the proportion of one of the grade of rear admiral to four in the grade of captain, to seven in the grade of commander, to fourteen in the grade of lieutenant commander, to thirty-two and one-half in the grade of lieutenant, to forty-one and one-half in the grades of lieutenant (junior grade) and ensign, inclusive:" is hereby amended to read as follows: "That the total number of commissioned line officers on the active list at any one time, exclusive of commissioned warrant officers, shall be distributed in the proportion of one in the grade of rear admiral, to four in the grade of captain, to eight in the grade of commander, to fifteen in the grade of lieutenant commander, to thirty in the grade of lieutenant, to forty-two in the grades of lieutenant (junior grade) and ensign, inclusive: *Provided*, That no officer shall be reduced in rank or pay or separated from the active list of the Navy as the result of any computation made to determine the authorized number of officers in the various grades of the line:"

SEC. 2. The selection board established by the Act of August 29, 1916, shall be convened at least once each year and at such times as the Secretary of the Navy may direct. The Secretary of the Navy shall furnish the selection board with the names of all officers who are eligible by law for consideration by said board for selection for promotion as herein authorized, together with the record of each officer. Each board shall recommend for promotion from among those officers who are eligible such number as may be directed by the Secretary of the Navy, which number shall be 10 per centum of the authorized number of officers in the grades to which promotions are to be made as determined by the existing computation, and in addition thereto

the number, if any, of vacancies then existing and which may occur on or before June 30 in said grade in excess of the number of officers in the next lower grade on the promotion list provided for in section 4: *Provided*, That if the number of officers in any grade on the promotion list is in excess of the number of vacancies then existing and which may occur in the next higher grade on or before June 30, as aforesaid, and said excess shall equal or exceed 10 per centum of the authorized number of officers in said next higher grade as above determined, the number to be furnished the board for recommendation for promotion to said next higher grade shall be reduced to 8 per centum of said authorized number: *Provided further*, That if the number of officers in any grade on the promotion list shall at any time be insufficient to fill vacancies then existing and which may occur in the next higher grade prior to the convening of the selection board next ensuing, the Secretary of the Navy may, in his discretion, convene a selection board to recommend for promotion such additional number of officers as may be necessary to fill said vacancies.

SEC. 3. Except as provided in section 7, captains, commanders, and lieutenant commanders, who shall not have been recommended for promotion to the next higher grade by the report of a line selection board as approved by the President prior to the completion of thirty-five, twenty-eight, or twenty-one years, respectively, of commissioned service in the Navy, shall be ineligible for consideration by a line-selection board, and any officer in said grades shall likewise be ineligible for consideration who on June 30 of the calendar year of the convening of the board shall have had less than four years' service in his grade: *Provided*, That the commissioned service of Naval Academy graduates, for the purpose of this section only, shall be computed from June 30 of the calendar year in which the class in which they graduated completed its academic course, or, if its academic course was more or less than four years, from June 30 of the calendar year in which it would have completed an academic course of four years: *Provided further*, That except as provided in section 7, officers of any grade commissioned in the line of the Navy from sources other than the Naval Academy, shall become ineligible for consideration by a selection board when the members of the Naval Academy class next junior to them at the date of their original permanent commission as ensign or above become ineligible for consideration under the provisions of this section.

SEC. 4. The names of all officers recommended for promotion to the next higher grade by the report of a line-selection board as approved by the President shall be placed on a promotion list and, except as otherwise provided in this section, shall not be considered again for the next higher grade by any subsequent selection board. Promotions to fill vacancies in the grades of commander and above shall be made from officers of the next lower grade whose names appear on said promotion list. Officers so promoted pursuant to the recommendations of the same report shall take rank with one another in accordance with their seniority in the grade from which promoted, and officers recommended in an earlier report shall, when promoted, have precedence of officers recommended in a later report: *Provided*, That the Secretary of the Navy, may, in his discretion, with the approval of the President, remove the name of any officer from said promotion list and submit it to the next ensuing selection board for consideration and recommendation. If recommended for promotion by said board and approved by the President, the name of such officer shall be replaced on the promotion list in the position from which removed, without prejudice, by reason of its having been temporarily removed therefrom, and when promoted such officer shall take rank in accordance with his seniority on the promotion

list at the time his name was removed therefrom. If not recommended by said board, such officer shall be subject to involuntary retirement, as provided later herein, under the same conditions in all respects as though his name had not previously been placed on the promotion list. If the name of any officer shall be removed from the promotion list of officers in any grade and submitted to another board as herein provided, the number furnished said board by the Secretary of the Navy to be recommended for promotion to the next higher grade shall be increased accordingly.

SEC. 5. All officers who are not on the promotion list and who, after completion of the designated periods of service as prescribed for their respective grades, become ineligible for consideration by a line-selection board in accordance with this Act, or who, if on said promotion list, undergo the required examinations for promotion and are found not professionally qualified, shall be transferred to the retired list of the Navy. All lieutenants who are forty-five or more years of age, or who have completed twenty or more years of service, counting all service for which they would be entitled to credit for voluntary retirement, and who undergo the required examination for promotion to lieutenant commander and are found not professionally qualified, shall be transferred to the retired list of the Navy: *Provided*, That if such lieutenants were permanently appointed as ensign or above in the permanent line of the Navy while holding permanent warrant or permanent commission warrant rank in the Navy they shall have the option of reverting to such permanent warrant or permanent commissioned warrant status in the lineal position to which their seniority would have entitled them had their service subsequent to such appointment been rendered in the status to which they revert.

SEC. 6. Officers retired pursuant to any section of this Act shall receive pay at the rate of $2\frac{1}{2}$ per centum of their active-duty pay multiplied by the number of years of service for which they were entitled to credit in computation of their longevity pay on the active list, not to exceed a total of 75 per centum of said active-duty pay: *Provided*, That because of variations in the date of entry into the Naval Academy of members of the classes of 1906 to 1916, inclusive, ranging from June to September, a fractional year of nine months or more shall be considered a full year in computing the number of years of service of members of those classes by which the rate of $2\frac{1}{2}$ per centum is multiplied.

SEC. 7. When the number of involuntary transfers in any fiscal year from any grade to the retired list pursuant to this Act would otherwise exceed one-seventh of the authorized number of officers in said grade, less one-seventh of the authorized number in the grade next above, as determined by existing computations, the selection board concerned shall designate by name such excess of officers for retention on the active list until the end of the next fiscal year. Officers so designated shall retain their eligibility for selection and promotion during said year. If not recommended for promotion or again designated for retention on the active list, they shall be transferred to the retired list in accordance with the provisions of this Act: *Provided*, That the selection board may in any fiscal year designate for retention on the active list until the end of the next fiscal year any officer who has lost numbers or precedence and has been promoted after suffering such loss: *Provided further*, That all transfers to the retired list pursuant to this Act shall be made as of June 30 of the current calendar year and the resulting vacancies shall be regarded as occurring on that date: *And provided further*, That such number of the graduating class of the Naval Academy may be commissioned as ensigns in excess of the total authorized number of

commissioned line officers of the Navy as in the opinion of the Secretary of the Navy may be necessary to fill vacancies which will occur prior to July 1 of the current calendar year, and thereafter no further appointments shall be made in the grade of ensign until the total number of commissioned line officers has been reduced below that authorized by law.

SEC. 8. In making any computation required or authorized by or pursuant to this Act there shall be excluded from consideration those officers carried by law as additional numbers, and whenever a final fraction of one-half or more occurs the whole number next above shall be regarded as the authorized number.

Officers carried as additional numbers excluded in computation.

SEC. 9. The provision in the Act approved August 29, 1916 (Thirty-ninth Statutes at Large, page 579; United States Code, title 34, section 311), prescribing maximum age limits for the promotion of captains, commanders, and lieutenant commanders is hereby repealed.

CHAP. 409.—An Act To authorize twenty-four-hour quarantine inspection service in certain ports of the United States, and for other purposes.

March 3, 1931.
[S. 5743.]
[Public, No. 796.]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Act entitled "An Act granting additional quarantine powers and imposing additional duties upon the Marine Hospital Service," approved February 15, 1893, as amended, is further amended by adding at the end thereof the following new sections:

"SEC. 13. The original bills of health required to be obtained in duplicate in foreign ports under the provisions of section 2 of this Act shall be presented to the collector of customs in accordance with the provisions of section 5 of this Act, and the duplicate copies of such bills of health shall be presented to the quarantine officer at the time quarantine inspection is performed by him.

"SEC. 14. The Secretary of the Treasury shall establish by regulation the hours during which quarantine service shall be performed at each quarantine station, and, upon application by any interested party, may establish quarantine inspection during the twenty-four hours of the day, or any fraction thereof, at such quarantine stations as, in his judgment, require such extended service; but the Secretary may restrict the performance of quarantine inspection to hours of daylight for such arriving vessels as can not, in his opinion, be satisfactorily inspected during hours of darkness. Nothing herein contained, however, shall be construed to require a vessel upon arriving at the quarantine anchorage to undergo quarantine inspection during the hours of darkness, unless the quarantine officer at such quarantine station shall deem an immediate inspection necessary to protect the public health; nor shall any provision of this Act be construed to require uniformity in the regulations governing the hours during which quarantine inspection may be obtained at the various ports of the United States.

"SEC. 15. The certificate of health required by section 5 of this Act, shall, upon the arrival of any vessel from foreign ports at the anchorage or place established for quarantine inspection purposes in any port of the United States, be procurable at any time within which quarantine services are performed at such station from the quarantine health officer, following satisfactory inspection.

"SEC. 16. The Secretary of the Treasury is authorized and directed to prescribe a schedule of charges for quarantine services rendered to vessels at each of the national quarantine stations, which charges shall be reasonable and uniform for all ports, including the port of New York. The quarantine officer in each port of entry shall promptly forward to the collector of customs at such port an itemized statement of the quarantine services rendered to each vessel at the prescribed charges, which charges shall be paid to the collector of customs by said vessel prior to clearance or departure from such port. All such collections shall be accounted for by the collector of customs and shall be covered into the Treasury as miscellaneous receipts.

"The provisions of the Act of June 5, 1920 (41 Stat. 875), relating to the schedule of fees and rates of charges to be adopted and promulgated by the Secretary of the Treasury at the New York Quarantine Station are hereby repealed.

"SEC. 17. Any officer or employee of the Public Health Service on duty at any national quarantine station or on a national quarantine vessel, or detailed for duty in foreign ports, under the provisions of sections 2 and 5 of this Act, who is suffering from sickness or injury incurred in line of duty, shall be a beneficiary of the Public Health Service and shall be entitled to receive all necessary medical treatment and other benefits authorized to be furnished to beneficiaries."

SEC. 2. There is hereby authorized to be appropriated the sum of \$100,000, or so much thereof as may be necessary, to carry out the provisions of this amendatory Act.

SEC. 3. Whenever steamship companies desiring the benefits of such extended quarantine service at any port, shall offer to advance funds in order to permit the immediate institution of such service at such port, the Secretary of the Treasury may, in his discretion, receive such funds and expend the same for such purpose; and the moneys so contributed shall be repaid by the Secretary, without interest, from any funds appropriated under authority of section 2 of this Act.

SEC. 2. Subject to the aforesaid conditions and limitations the State of West Virginia, by and through the State Bridge Commission or the successors of said commission, shall be, and it is hereby, authorized to acquire by purchase or condemnation any private property, rights, or interests relating to bridges under construction or authorized to be constructed at any or all of the following locations and to construct or rebuild said bridges, to wit: A bridge across the Ohio River at or near Sistersville; a bridge across the Ohio River at or near New Martinsville; a bridge across the Ohio River at or near Wellsburg; a bridge across the Ohio River at or near Moundsville; a bridge across the Monongahela River at or near Star City; a bridge across the Kanawha River at or near Point Pleasant.

The times for commencing and completing the construction of new bridges authorized by this section shall expire two and four years, respectively, from the date of approval hereof.

SEC. 3. There is hereby conferred upon the State of West Virginia and the West Virginia Bridge Commission, or the successors of said commission, all such rights and powers to enter upon lands and to acquire, condemn, occupy, possess, and use real estate and other property needed for the location, construction, rebuilding, and/or operation of any and/or all such bridges and their approaches as are possessed by railroad corporations for railroad purposes or by bridge corporations for bridge purposes in the State in which such real estate or other property is situated, upon making just compensation therefor, to be ascertained and paid according to the laws of such State, and the proceedings therefor shall be the same as in condemnation or expropriation of property for public purposes in such State.

SEC. 4. The State of West Virginia, by and through the West Virginia Bridge Commission, or the successors of said commission, is hereby authorized to fix and charge tolls for transit over any and/or all such bridges, and the rates of toll so fixed shall be the legal rates until changed by the Secretary of War under the authority contained in the Act of March 23, 1906.

SEC. 5. The State of West Virginia, by and through the State Bridge Commission of West Virginia, or its successors, may unite or group all or such of said intrastate bridges into one or more separate projects for financing purposes as in its judgment shall be

deemed practicable, and may also unite or group for financing purposes in any one issue of bonds such interstate bridges as the West Virginia Bridge Commission shall determine to be competitive, but no particular project or group shall be so united that any such project or group will include both interstate and intrastate bridges. If tolls are charged for the use of a bridge or bridges in a project, the rates of toll to be charged for the use of such bridge or bridges embraced in the particular project shall be so adjusted as to provide a fund not to exceed an amount sufficient to pay the reasonable costs of maintaining, repairing, and operating the bridge or all of the bridges included in the particular project and their approaches under economical management, and not to exceed an amount sufficient, in addition to the foregoing, to provide a sinking fund sufficient to amortize the aggregate cost of the bridge or all of the bridges embraced in the particular project, and their approaches, including reasonable interests and financing costs, as soon as possible under reasonable charges, but within a period not exceeding twenty-five years from the date of approval of this Act. The tolls derived from the bridge or bridges embraced in any particular project may be continued and paid into the appropriate sinking fund until all such costs of the bridges embraced in the particular project shall have been amortized. In any event tolls may be charged on the basis aforesaid for transit over the bridge or bridges in each project for which revenue bonds of said State are issued, and such tolls may be continued and adjusted at such rates as may be necessary to pay such bonds with interest thereon and any lawful premium for the retirement thereof before maturity, subject only to the power of the Secretary of War or other authorized Federal authority to regulate such rates.

Tolls adjusted to maintenance, amortizing costs, etc.

Tolls to continue until costs amortized.

Adjustments in rates authorized.

SEC. 6. The failure of the State of West Virginia, by and through the State Bridge Commission of West Virginia, to acquire, purchase, construct, improve, maintain, and operate any one or more of the foregoing bridges, or to unite or group any one or more for financing purposes, shall in no wise affect its authority or powers hereby granted to acquire, purchase, construct, improve, maintain, and operate such bridge or bridges as it may deem expedient, and any one of the bridges herein authorized may be purchased, acquired, or constructed as a single project without uniting such bridge in a joint project with other bridges authorized herein.

Failure to construct, etc., one or more bridges not to affect authority.

SEC. 7. When a sinking fund sufficient to amortize the cost of any bridge or bridges in any particular project or group or sufficient to pay the principal and interest on bonds issued for the purpose of financing such particular bridge or bridges or project or group shall have been provided to the extent hereinbefore required, the bridge or bridges included in any such project or group shall thereafter be maintained and operated free of tolls. All tolls shall be uniform as between individuals and as between vehicles of the same class as to each bridge, but different rates of toll may be charged for the use of different bridges in any group of bridges included in a single project for financing purposes.

Bridges in a project to be toll free, when costs amortized.

Uniformity of tolls.

SEC. 8. The powers conferred by this Act are supplementary and additional to all other authority and powers heretofore granted by law for the construction of the hereinbefore named bridges, but all Acts or parts of Acts heretofore enacted authorizing the construction of the hereinbefore named bridges which are in conflict with the terms of this Act be, and the same are, hereby repealed in so far as such conflict exists. Nothing in this Act shall be construed as authorizing tolls to be charged for the use of any one or more of the hereinbefore named bridges except as hereinabove

Inconsistent laws repealed.

Tolls for other purposes unauthorized.

provided, and nothing herein shall be construed so as to prohibit the State of West Virginia from paying all or any part of the costs of the acquisition, purchase, construction, improvement, maintenance, and operation of any one or more of such bridges or their approaches, and any and all bonds issued for such purposes, from any funds of the State which may now or hereafter be made available for that purpose.

their heirs, legal representatives, and assigns, all such rights and powers to enter upon lands and to acquire, condemn, occupy, possess, and use real estate and other property needed for the location, construction, operation, and maintenance of such bridge and its approaches as are possessed by railroad corporations for railroad purposes or by bridge corporations for bridge purposes in the State in which such real estate or other property is situated, upon making just compensation therefor, to be ascertained and paid according to the laws of such State, and the proceedings therefor shall be the same as in the condemnation or expropriation of property for public purposes in such State.

SEC. 3. The said D. S. Prentiss, R. A. Salladay, Syl F. Histed, William M. Turner, and John H. Rahilly, their heirs, legal representatives, and assigns, are hereby authorized to fix and charge tolls for transit over such bridge, and the rates of toll so fixed shall be the legal rates until changed by the Secretary of War under the authority contained in the Act of March 23, 1906.

SEC. 4. After the completion of such bridge, as determined by the Secretary of War, either the State of Illinois, the State of Iowa, any public agency or political subdivision of either of such States, within or adjoining which any part of such bridge is located, or any two or more of them jointly, may at any time acquire and take over all right, title, and interest in such bridge and its approaches and any interest in real property necessary therefor, by purchase or by condemnation or expropriation, in accordance with the laws of either of such States governing the acquisition of private property for public purposes by condemnation or expropriation. If at any time after the expiration of twenty years after the completion of such bridge the same is acquired by condemnation or expropriation, the amount of damages or compensation to be allowed shall not include good will, going value, or prospective revenues or profits but shall be limited to the sum of (1) the actual cost of constructing such bridge and its approaches, less a reasonable deduction for actual depreciation in value; (2) the actual cost of acquiring such interest in real property; (3) actual financing and promotion costs, not to exceed 10 per centum of the sum of the cost of constructing the bridge and its approaches and acquiring such interest in real property; and (4) actual expenditures for necessary improvements. If the bridge is not taken over by the States as provided in section 4 after the amortization of the senior securities the net revenue in excess of 8 per centum of the cost of the structure as provided in section 6 shall form a sinking fund which shall be applied in reducing the cost of making the structure a free bridge to the States or adjacent counties desiring to take it over, maintain, and operate it.

SEC. 5. If such bridge shall at any time be taken over or acquired by the States or public agencies, or political subdivisions thereof, or by either of them, as provided in section 4 of this Act, and if tolls are thereafter charged for the use thereof, the rates of toll shall be so adjusted as to provide a fund sufficient to pay for the reasonable cost of maintaining, repairing, and operating the bridge and its approaches under economical management, and to provide a sinking fund sufficient to amortize the amount paid therefor, including a reasonable interest and financing cost, as soon as possible under reasonable charges, but within a period of not to exceed twenty years from the date of acquiring the same. After a sinking fund sufficient for such amortization shall have been so provided, such bridge shall thereafter be maintained and operated free of tolls, or the rates of toll shall thereafter be so adjusted as to provide a

fund of not to exceed the amount necessary for the proper maintenance, repair, and operation of the bridge and its approaches under economical management. An accurate record of the amount paid for acquiring the bridge and its approaches, the actual expenditures for maintaining, repairing, and operating the same, and of the daily tolls collected, shall be kept and shall be available for the information of all persons interested.

Record of expenditures and receipts.

SEC. 6. D. S. Prentiss, R. A. Salladay, Syl F. Histed, William M. Turner, and John H. Rahilly, their heirs, legal representatives, and assigns, shall within ninety days after the completion of such bridge, file with the Secretary of War, and with the highway departments of the States of Illinois and Iowa, a sworn itemized statement, showing the actual original cost of constructing the bridge and its approaches, the actual cost of acquiring any interest in real property necessary therefor, and the actual financing and promotion costs. The Secretary of War may, and upon the request of the highway department of either of such States, shall, at any time within three years after the completion of such bridge, investigate such costs and determine the accuracy and the reasonableness of the costs alleged in the statement of costs so filed, and shall make a finding of the actual and reasonable costs of constructing, financing, and promoting such bridge; for the purpose of such investigation, the said D. S. Prentiss, R. A. Salladay, Syl F. Histed, William M. Turner, and John H. Rahilly, their heirs, legal representatives, and assigns, shall make available all of the records in connection with the construction, financing, and promotion thereof. The findings of the Secretary of War as to the reasonable costs of the construction, financing, and promotion of the bridge shall be conclusive for the purposes mentioned in section 4 of this Act, subject only to review in a court of equity for fraud or gross mistake.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That in order to commemorate the Battle of Kings Mountain, which was fought on the 7th day of October, 1780, the Kings Mountain battle ground, in the State of South Carolina, including such adjacent and contiguous lands as may be useful and proper in effectually carrying out the purposes of this Act, is hereby declared to be a national military park, to be known as the Kings Mountain National Military Park, when such land including said battle ground shall become the property of the United States.

SEC. 2. The Secretary of War shall ascertain on what land the Battle of Kings Mountain was fought and, subject to the provisions of section 355 of the Revised Statutes, shall proceed to acquire title to such land together with such adjacent and contiguous lands as he may deem useful and proper in effectually carrying out the purposes of this Act, either by purchase or gift or by condemnation under the provisions of the Act entitled "An Act to authorize condemnation of land for sites of public buildings, and for other purposes," approved August 1, 1888.

SEC. 3. Such park shall be under the control and direction of the Secretary of War. The Secretary is authorized to prescribe from time to time such regulations for the care and management of such park as he may deem necessary.

SEC. 4. Upon such terms and conditions as he may prescribe, the Secretary of War is authorized to permit any person occupying any land within the boundaries of such park to continue to occupy such land, but the Secretary may revoke such permit at any time.

SEC. 5. The Secretary of War shall open or repair such roads in such park as may be necessary, and ascertain and mark with tablets or otherwise, as he may determine, all lines of battle of the American troops and British troops engaged in the Battle of Kings Mountain and other historical points of interest pertaining to the battle which are within the boundaries of the park. The Secretary is authorized to employ such labor and services and to obtain such supplies and materials as may be necessary to carry out the provisions of this section.

SEC. 6. The authorities of any State which had troops engaged in the Battle of Kings Mountain may enter the Kings Mountain National Military Park for the purpose of ascertaining and marking the lines of battle of such troops, but before any such lines are permanently designated the position of the lines and the proposed methods of marking them by monuments, tablets, or otherwise shall be approved by the Secretary of War. Any State organization or individual may, with the approval of the Secretary of War, erect monuments or place tablets within such park.

SEC. 7. There is authorized to be appropriated the sum of \$225,000, or so much thereof as may be necessary, in order to carry out the provisions of this Act. Appropriation authorized.

"Any cooperative or unit plan of development or operation, which includes land owned by the United States, shall contain a provision whereby authority, limited as therein provided, is vested in the Secretary of the department or departments having jurisdiction over such land to alter or modify from time to time in his discretion the quantity and rate of production under said plan. The Secretary of the Interior is authorized whenever he shall deem such action necessary or in the public interest, with the consent of lessee, by order to suspend or modify the drilling or producing requirements of any oil and gas lease heretofore or hereafter issued, and no lease shall be deemed to expire by reason of the suspension of production pursuant to any such order. Whenever the average daily production of any oil well shall not exceed ten barrels per day the Secretary of the Interior is authorized to reduce the royalty on future production when in his judgment the well can not be successfully operated upon the royalty fixed in the lease. The provisions of this section shall apply to all oil and gas leases made under this Act.
Suspension of drilling, etc., requirements if deemed necessary.	
Lease not to expire.	
Reduction of royalty if production small.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 16 of the Federal Farm Loan Act, as amended (U. S. C., title 12, ch. 7, secs. 811–823), be amended by substituting in the eighth paragraph thereof (U. S. C., title 12, ch. 7, sec. 818) a comma for the period at the end of the first sentence and adding the following new matter: “except as hereinafter provided.”

SEC. 2. That section 16 of the Federal Farm Loan Act, as amended, be further amended by inserting after the last paragraph thereof (U. S. C., title 12, ch. 7, sec. 823) the following new paragraph:

“In any case where a joint-stock land bank has been, or may be, declared insolvent and placed in the hands of a receiver by the Federal Farm Loan Board, any Federal land bank or joint-stock land bank may, in the manner as may be prescribed by the Federal Farm Loan Board and with the approval of the Federal Farm Loan Board, acquire the assets and assume the liabilities of said joint-stock land bank in the hands of a receiver. Any joint-stock land bank which has acquired or may hereafter acquire the assets and which has assumed or may hereafter assume the liabilities of another joint-stock land bank may, if authorized by the Federal Farm Loan Board, make loans secured by first mortgages on farm lands within the States in which the other joint-stock land bank was authorized to make loans at the time of such acquisition, and the acquiring bank may, with the approval of the Federal Farm Loan Board, continue to make loans in the States where it was authorized to make loans at the time of such acquisition: *Provided, however*, That the acquiring bank shall not be authorized to make loans at any one time in more than five States, of which one shall be the State in which the bank has its principal office, one shall be contiguous to such State, the other shall be the States in which the acquired joint-stock land banks were authorized to make loans at the time of such acquisition, and all of said five States shall be situated in contiguous territory.”
